

*Michael H. Harrity  
Chairman, Board of Selectmen*

## GENERAL GOVERNMENT

*Steven L. Charlip  
Selectman*

*Douglas P. Gillespie  
Selectman*

## REPORT OF THE BOARD OF SELECTMEN

Calendar year 2006 began with Douglas P. Gillespie, Michael H. Harrity and Ann G. Leibowitz serving as the Board of Selectmen. Mr. Gillespie served as Chairman and Mr. Harrity as Clerk until Annual Town Meeting. At Annual Town Election in May, Steven L. Charlip was elected to a three year term, replacing Mrs. Leibowitz, who did not seek re-election. At the organizational meeting, Mr. Harrity was elected Chairman, and Mr. Charlip as Clerk.

The following report will highlight several areas to which the Board of Selectmen devoted time and resources during the past year. Agendas and minutes of meetings of the Board are available in the Selectmen's office and are posted on the Town's website ([www.weston.org](http://www.weston.org)). Highlights include:

### *Fiscal Management*

- The Town's most recent bond issue received a AAA bond rating from Standard and Poor's, as have previous bonds issued by the Town, representing the highest rating issued by this organization. This allows the Town to borrow at the most favorable interest rates for its capital projects.
- Faced with continued reductions in state aid, substantial increases in the cost of healthcare and pension benefits, and slowed growth in revenues, the Town faced a decision of seeking an override from the constraints of Proposition 2 ½ or budget reductions which reduced existing levels of core services. The Board of Selectmen, in concert with the Finance Committee and School Committee, recommended a budget that included a \$1,100,000 override, which was passed by the voters and adopted at Town Meeting.

The FY 2007 budget also continued the process of properly funding numerous reserve accounts, a process that may take up to fifteen years to fully complete. In January the Board adopted a formal Reserve Policy.

- The Town Manager and collective bargaining team completed negotiations for new contracts with our library employees, and it was given Board approval in March. The contract includes provisions for increases in the percentage of health care costs which are paid by employees. A three-year agreement was also reached with the Police Superior Officers' Union through June 2007.
- The Board adopted a Retiree "Safety Net" Policy for Health Insurance retroactive to July 1, 2004 that restores the retiree contribution to health insurance premiums to the level prior to the FY2003 increases for retirees whose total income was below 200 percent of the federal poverty level and who retired prior to July 1, 2005.
- The combined effect of increased property values and a reasonable and necessary spending level resulted in a property tax rate of \$10.26 per \$1,000 of valuation, up from \$9.95 for fiscal year 2006.

### *Town Administration*

Weston is completing its fifth year since the change to a Town Manager. In 2005, our first Town Manager, Carl F. Valente, resigned his position to accept a new job as Town Manager in Lexington. The Board appointed Donna S. VanderClock, the Town's Assistant Town Manager/Finance Director, to serve as Acting Town Manager. Ms. VanderClock has capably maintained the high standard set by Mr. Valente's service to the Town, and in March 2006 the Board appointed Ms. VanderClock to be Weston's second Town Manager. David R. Williams, formerly Finance Director in Bath, Maine, was hired in August by Ms VanderClock to be Assistant Town Manager/Finance Director.

*Donna S. VanderClock, Town Manager*

#### *Town Administration*

Weston is completing its fifth year since the change to a Town Manager. In 2005, our first Town Manager, Carl F. Valente, resigned his position to accept a new job as Town Manager in Lexington. The Board appointed Donna S. VanderClock, the Town's Assistant Town Manager/Finance Director, to serve as Acting Town Manager. Ms. VanderClock has capably maintained the high standard set by Mr. Valente's service to the Town, and in March 2006 the Board appointed Ms. VanderClock to be Weston's second Town Manager. David R. Williams, formerly Finance Director in Bath, Maine, was hired in August by Ms VanderClock to be Assistant Town Manager/Finance Director.

#### *Town Infrastructure*

The Town continued to invest in the maintenance of its existing municipal facilities. Significant projects included:

- A new roof was installed at the Public Library, in order to remedy longstanding problems with that facility.
- The Board of Selectmen and School Committee jointly proposed a bylaw establishing a Permanent Building Committee for the Town, which was subsequently approved by Town Meeting. After advertising for volunteers, an extremely experienced committee of professionals, comprised of Robert Fronk, Josef J.D. Gazzola, Sarah Benjamin, Mark Susser and Miller Blew, was appointed to supervise construction projects and capital building needs of the Town.

- Town Meeting approved preliminary funds for feasibility and design work to replace the deteriorating Public Works facility on the Boston Post Road By-Pass. The PBC was reviewing this project at year's end.

#### *Land Use/Development Projects*

- Harvard University notified the Town of its intent to sell its 62.53-acre Case Estates land holdings and offered the Town the opportunity to buy it before it is placed on the open market. The Board established a committee of citizens to study potential future municipal and open space uses of this land and their financial implications for the Town. The Case Estates Review Committee submitted a thorough report to the Board recommending that the Town acquire the Harvard landholdings in order to control the development plans for the parcels. In November, Special Town Meeting unanimously approved the purchase at a total investment of \$23.4 million, following a favorable debt exclusion vote at the General State Election. Just prior to the scheduled closing, soil contamination was discovered on the property, and so the Board continues to work with Harvard to resolve these issues to the Board's satisfaction prior to the Town's acquisition of the property.
- Regis College submitted to the Zoning Board of Appeals requests for variances from requirements of the Town's zoning bylaws, to construct "Regis East," a senior living facility exceeding 700,000 square feet in size, and standing eleven stories tall at some points. The ZBA rejected the variance requests, and Regis College subsequently filed suit in Land Court. The Board of Selectmen is directing a rigorous legal defense of the Town's zoning bylaws and requirements, while remaining open to Regis's submission of a significantly down-sized project that would satisfy Regis College's needs, address any increased demand for Town services, and also maintain the ambience so important to the Town. The Town offered, and Regis and abutters accepted, to enter into mediation in an attempt to find a reasonable compromise for all parties, and both litigation and mediation were ongoing at year's end.
- Considerable development is in the planning stages on our eastern border in Waltham, with large projects proposed for a Green Street site overlooking the Route 20 rotary, and the Polaroid site just east of Interstate 95. Both projects as proposed would heavily impact the Route 20 rotary. The Board has maintained communications with Mayor McCarthy in Waltham, so as to provide input into mitigation available through the permitting processes. In concert with the Planning Board, the Board has retained traffic consultants and legal assistance to review these projects.
- A so-called 40B Affordable Housing Development with 12 units was proposed under the Local Initiative Program (LIP) for the historic Livermore House property at 823 Boston Post Road. While the Board has generally supported such projects, the damage to the historic nature of this highly visible property caused the Board to oppose the proposal. Through the efforts of the Historical Commission, Annual Town Meeting eventually approved the Town's purchase of an historic preservation restriction on the house and outbuildings, thereby permanently protecting the property.

#### *Personnel*

In addition to the Town Manager and Assistant Town Manager appointments previously mentioned, the Board wishes to recognize that during 2006:

- The Town Manager and Superintendent of Schools jointly chose Gerard S. McCarty to be the Town's first Town-wide Facilities Director, starting in July. Gary Jarowski was subsequently appointed to be the Deputy Facilities Director.

- Matthew J. Lucey was appointed Director of Information Technologies & Libraries for the School Department and Town-wide Coordinator of Technology, replacing Peter Kidwell, who returned to teaching.
- Philip Bird, Efthimios (Tim) Bousios, William Carlo, and David Zampell were appointed as Police Officers.
- Gregory Jackson was appointed as Firefighter.
- Kevin Kirmelewicz was hired for the newly created position of GIS Coordinator and Assistant Town Engineer.
- Sharon Locke became the new Assistant Recreation Director.
- David Fava, Joseph Gourdeau, and Steven Schertzer joined the Public Works Department.
- Long time Public Works employees Bertin LeBlanc and Robert Cronin retired.

*Closing Comments*

The Board of Selectmen serves all of the citizens of Weston. This puts the Board in the challenging position of maintaining town services at a level Weston citizens expect, while recognizing and attempting to address the hardship created on some citizens (oftentimes seniors and others with limited income) by the highest residential property tax bills in Massachusetts. Responsible and prudent spending continues to be the major priority of the Board, and we believe that this goal was achieved in 2006.

The Town is fortunate to have so many citizens who generously volunteer their time on a host of elected and appointed boards and committees, or related non-profit organizations. Each time the Board has advertised for volunteers to serve the Town on various boards and commissions, we have been gratified by the large number of extremely qualified respondents. We also have an extremely dedicated and talented staff in all areas of town government. The Board of Selectmen cannot accomplish its plan of work without either, and to all of you we owe great gratitude.

**REPORT OF THE CABLE ADVISORY COMMITTEE**

During 2006 the Cable Advisory Committee met on a number of occasions to address the Town's cable license with Comcast. The current license expires in early 2008. In connection with the license renewal process mandated by federal law, the Committee prepared, and arranged to be distributed to Town residents, a survey to assess Comcast's performance as current licensee and other needs of the Town to be addressed in the license renewal negotiations. In addition, the Committee sponsored an open meeting of residents in October of 2006 likewise to focus on Comcast's performance and the cable needs of the Town.

Also during 2006, the Cable Advisory Committee raised and addressed with Comcast certain specific questions raised by Town residents and monitored certain activities relating to the Town's access channel.

During 2007, the Cable Advisory Committee intends to continue the license renewal process with Comcast and to explore other opportunities for the provision of cable services to Town residents.

The members of the Cable Advisory Committee are Matt Lucey, Lee McCanne, Gene Ritvo and Edwin E. Smith (chairman). Town Manager Donna VanderClock serves as an *ex officio* member.

## REPORT OF THE GEOGRAPHIC INFORMATION SYSTEMS COMMITTEE

During 2006 the position of GIS Coordinator/Engineering Assistant was created to help in the general oversight of the GIS program. The GIS Coordinator/Engineering Assistant reports to the Town Engineer and is responsible for overseeing and maintaining the integrity of the Town's GIS program, including programming, training, administration and ongoing evaluation of program needs, monitoring GIS and associated network performance, and providing the Town Engineer with recommendations for necessary program software and hardware updates.

The GIS Committee is comprised of interested individuals from a variety of Town departments, including Police and Fire Chiefs, Assessors, Town Planner, Town Manager, Information Technology Manager, Recreation Director, Health Director, Council on Aging, Town Engineer and GIS Coordinator. The Committee meets regularly to discuss important issues relating to scheduling and budgetary items.

The first fully electronic set of Tax Maps was produced using the GIS for Fiscal Year 2007. Two GIS kiosks were added in front of the Assessing Department and in front of the Building and Land Use Departments within Town Hall. The kiosks have allowed the public to access Maps Online from within the building and answer some of the questions regarding to particular parcels of land. Such an overwhelming response has been received about the kiosks in Town Hall that it has been suggested that another unit be available for the public at the Library. The addition of this kiosk has been scheduled for FY07. There continue to be updates and new tools added to the online GIS application for the public. The online mapping interface can be found at: [www.mapsonline.net/westonma](http://www.mapsonline.net/westonma). The online mapping application allows the public and Town staff to obtain information via the World Wide Web by using a browser such as Microsoft® Internet Explorer. Other applications in use and planned include GIS based calls for service for Public Safety (police and Fire), DPW Work Order, Asset Management and Permit Management and Tracking.

## REPORT OF THE HURRICANE KATRINA COMMITTEE

Thanks to the generosity of many Weston residents, the First Parish Church of Weston, the P.T.O., B. L. Ogilvie & Sons, Inc. and some non-Weston residents, the Weston Hurricane Katrina Committee raised in excess of \$52,000 in 2006 to help fund a new community center in Pearlington, Mississippi. Fund-raising efforts continue. The non-profit construction company, the Building Goodness Foundation, of Charlottesville, Virginia will oversee the construction of the community

*Volunteers work on a house in Pearlington*

center. VMDO Architects based in Charlottesville, Virginia completed the architectural plans. A final cost analysis is underway.

Local Mississippi companies are bidding on various aspects of the project. Volunteers are making plans to travel to Pearlington. Save the Children funded and constructed a playground on land adjacent to the community center property with the construction help of Elizabeth, NJ firemen (whose first contact with the Gulf Coast was when the firemen received letters of sympathy and thanks from some Mississippi students shortly after 9/11). A number of Weston residents went to Pearlington in 2006 to help rebuild private homes. Some are planning to go again to work on the community center.

## **REPORT OF THE INFORMATION TECHNOLOGY DEPARTMENT**

During 2006, The Fiber Optic Metropolitan Area Network was completed. Now all municipal buildings have a redundant high speed connection to data resources at Town Hall and the Internet. All school buildings are also connected, eliminating leased T1 lines that connected them in the past, saving the recurring monthly cost from the T1 provider. This high speed, redundant network is an investment that now allows the Town of Weston to consider many more options in regards to Weston Schools' technology, Emergency services, and daily operations, thus paving the way for considerable savings and reliability.

The Fiber Optic Network will also allow for the Town to start planning for a Voice Over Internet Protocol (VOIP) phone system. This would replace the multiple dissimilar phone systems in the town into one unified voice messaging system. This system would then operate on a closed loop that will ensure communications within the Town network that will not be susceptible to blackouts as we saw on 9/11. It will also eliminate the need for multiple internal phone lines from Verizon, making communications between departments much cheaper. Project planning for this will be underway this summer.

*Geographical Information Systems:* The Town's Information Technology department in conjunction with the DPW and Assessing departments bought and built a new server for the GIS project. This state of the art system allows many departments to access critical information about streets, parcels, and other locations in Weston. There are public access kiosks in the Assessor's office and the Building department. A public kiosk will also be available shortly in the Library.

*Sharing Resources:* The Town Of Weston Information Technology department and the Weston Public School's Information Technology department's have now merged into one department. This enables more effective management of resources. Matt Lucey, formerly the Business Manager for the Littleton Public Schools has come aboard as the Director of Technology for the department.

## **REPORT OF THE PUBLIC SPACES COMMITTEE**

The Selectmen established The Public Spaces Committee in 2003 and charged it with improving the appearance of Town spaces including traffic islands.

Each of Weston's three garden clubs nominates two members to serve on The Public Spaces Committee. We benefit from the cooperative efforts of Bill O'Neil, of the Park and Cemetery Division, as an ex officio member and principal consultant. Carol Hinckley has continued to

assist in organizing the efforts of The Public Spaces Committee. The members of the committee and the Garden Clubs they represent are as follows:

Community League Garden Club  
Representing the Country Garden Club  
Representing the Weston Garden Club

Karen Morris and Tinka Zeitvogel  
Rosemary McCready and Meg Steiner  
Diana Bonner and Dorothea Santos

The Committee is especially grateful to the Community League Garden Club of Weston, Stonegate Gardens of Lincoln and Weston Landscape and Tree Company who continue to beautify and maintain our traffic islands for the enjoyment of all and at no cost to the Town.

Among other improvements, an impressive boulder has been strategically placed on the Ash Street/Route 30 traffic island to protect the newly planted Red Sunset Acer maple tree selected for its remarkable fall hues. Among other improvements, an impressive boulder has been strategically placed on the Ash Street/Route 30 traffic island to protect the newly planted Red Sunset Acer maple tree selected for its remarkable fall hues.

An additional two year project of this committee has been the exterior lighting of the Town Hall and surrounding adjacent area. We dedicated our efforts in this regard to two late members of the Committee, Helen Friedberg and Linda Lippincott. Both of these extraordinary women were involved with the lighting project at its inception.

## REPORT OF THE REGISTRARS OF VOTERS

On December 31, 2006 there were 6,978 *Active* registered voters in the Town of Weston, while 473 voters were listed as *Inactive*.

Many newcomers used the Department of Motor Vehicles to register to vote electronically. This system automatically certifies each voter's data in the Statewide Voter Registration database. This system has been in effect since 1995 following the state's adoption of the National Voter Registration Act of 1993.

Any citizen age 18 or over may register to vote in the Town Clerk's office during regular office hours (M-- F: 8:30 a.m. -5:00 p.m.). In addition, the Clerk's office is open until 8 p.m. for a special registration session three weeks before each election and town meeting. Mail-in registration forms are also available in a variety of public places around the town and the state. Only registered voters may vote in state and town elections and at Town Meeting.

Every year a Census of all residents is taken by the town. If the Town does not receive census information for a voter, that individual's name is placed on an *Inactive* voters' list. If the individual does not vote in two consecutive biennial state elections, he/she is then notified by mail that his or her name will be removed from the *Inactive* voters' list.

Following is a summary of all voters by Party and by Precinct:

PARTY	PRECINCT				TOTAL
	ONE	TWO	THREE	FOUR	
Republican	417	379	367	376	1,539
Democrats	534	438	373	400	1,745
American Independent Party	1	1	0	0	2
Libertarian	3	2	2	0	7
Green Rainbow	3	3	2	1	9
Green Party USA	1	1	0	1	3
Unenrolled	994	880	825	974	3,673
<b>TOTAL ACTIVE VOTERS</b>	<b>1,953</b>	<b>1,704</b>	<b>1,569</b>	<b>1,752</b>	<b>6,978</b>
<i>Inactive Voters</i>	<i>127</i>	<i>102</i>	<i>149</i>	<i>95</i>	<i>473</i>

### REPORT OF THE TREE ADVISORY GROUP

*Elmer Jones inspects a Lady's Slipper*

The Tree Advisory Group notes with great sadness the loss of its senior naturalist member, Elmer Jones in September, 2006. Elmer kept our group mindful of Weston's centuries-long tree and forest protection tradition, and lobbied cheerfully for this cause right up to his passing. He had several favorite species and one will be planted in his honor in the coming year, in a location as yet undetermined.

National Arbor Day was celebrated at Weston High School in 2006, since the students in the Environmental Science classes wanted to do something relevant to global warming on the campus, and found areas badly in need of more trees.

The Tree Advisory Group organized the event, along with a team of students who were competing in the Massachusetts Envirothon. The team wanted to organize a service project for that program. Two 8-foot sugar maple trees

were planted on the sunny back side of the school, which when grown will shade the windows in the warm months, and provide sap for the Middle School's Maple Sugar Program. Two red maples were planted at the front where there is a wet area already populated with a grove of aging red maples. It was a great day and many students came out to do the digging, hole preparation, pruning of nearby trees, mulching and watering. The school grounds crew was once again very helpful in digging holes and transporting heavy materials with their machines.

In addition, the Tree Advisory Group identified four sites for street trees on Glen Road near Norumbega Reservoir. Nearby residents and DPW approved these sites and Dig Safe was notified. Though we were not able to accomplish the fall planting on Glen, we plan to finish this as soon as conditions permit in '07, and continue to plant along Glen as the old ash stumps are removed. Glen Road has been particularly changed by multiple native tree losses due the Ash Decline now noted all over New England. Neighbors' approval will continue to be secured before any trees are planted.

TAG members helped survey Case Estate specimen trees for a brochure put out to inform residents and led tours of the grounds in anticipation of the town vote to purchase the 62-acre property from Harvard's Arnold Arboretum.

In late fall, a tree survey for the town was started on the Boston Post Road, using forms generated by the Davey Tree Company. Though this will be a very time consuming task, we hope to proceed along two main streets in 2007 generating data that can be useful to our tree warden and selectmen in establishing priorities for the town.

Weston received approval again from the National Arbor Foundation for Weston to be a Tree City USA, making the town eligible for national and state programs supporting community forestry.

Watering and caring for all new town trees continues to be an important concern, since the DPW has not owned a watering tank for many years. Also the DPW crew does not have this task built into their summer duties. The TAG looked into trailer-tanks with Bob Hoffman and has agreed to purchase one for the town in 2007. The question of providing labor to care for new trees after planting is still undecided.

## REPORT OF THE TOWN CLERK

Births, marriages and deaths recorded in the Town Clerk's Office of the Town of Weston for the year 2006:

Number of births in 2006:	74
Number of marriages in 2006:	39
Deaths in 2006:	
Weston Residents	76
Non-Residents	<u>49</u>
Total	125

Population of the Town of Weston (2006 census): 10,983

The following detailed report of births, marriages and deaths recorded during 2006 is printed for the purpose of bringing to the attention of interested persons the facts which appear on the official records of the Town Clerk. Please check the names and other data for errors, and notify the Town Clerk's Office.

## MARRIAGES RECORDED IN WESTON IN 2006

### January

7 Gillian B Lieberman and Stephen R. Petersen both of Weston

### February

4 Michael Steven Thompson and Monique Marguerite Burns both of Weston

### March

29 Angela Cristina Alzate of Colombia and Nicholas Vincent Forte of Weston

### April

1 Amy Meesum Kim of Weston and Brian Tzutse Ni of Washington

8 John Albert Schwartz and Susan Church Sheffer both of Charlestown

22 Daniel Bryan Donovan and Lauren Renee Thompson both of Framingham

28 Matthew Rosenthal and Hilary Kirk Davis both of Weston

29 Laura Jean Byard of Waltham and Thomas Schofield of Weston

### May

6 Melissa Ellen Ritter and Joel Dennis Dreibelbis both of New York

13 Jill Amy O'Loughlin of Lincoln and Richard Gordon Edgar of New York

13 Jessica Meredith Kosow and Michael Shuman both of Weston

### June

3 Carol Charpie McMullen of Weston and Sean Charles Rush of Bedford

3 David O'Hara Gillespie and Linda Elizabeth Bentley both of New Jersey

17 Caroline Alison King and Allan Victor Hinojosa both of Worcester

20 Colin Francis Hand of Lincoln and Elizabeth Reynolds Lupo of Weston

30 Daegan Mikal Von Swearingen and Rachel Sarah Fox both of Waltham

### July

1 Angelo Philip Scipione of Weston and Donna Marie Cote of Cambridge

8 Sarah Baldwin Snyder and Daniel Mark Fine both of New York

15 Christopher Kilburn-Peterson of Weston and Linda Kay Griffith of Boston

15 Janet Nancy Sullivan of Wellesley and Darren Holt Greene of Ashland

### August

26 Christopher C. Chan and Jihae Kim both of Weston

26 Cheryl Beth Stein and Wendy Beth Golenbock both of Chestnut Hill

26 Sharon Hanna Kermisch and Randall Robert Martens both of New York

### September

3 Scott Loren Bittman and Lauren Rachel Klapholz both of New York

9 Mara Heather Johnson of Weston and Edward Roger Macie of Dedham

16 Andrew Tod Barman and Leida Louise Middleton both of Somerville

23 Robert John Irving and Andrea Virginia DiMaggio both of Waltham

23 Joshua Francis Fedele of East Bridgewater and Amanda Lyn Carter of Weston

23 Stephen M. McLaughlin of Weston and Kelley J. Naughton of Norwood

30 Peter Chris Rogaris and Carrie Ann Collier both of Arlington

**October**

- 7 Kristine Elizabeth D'Antonio of Sudbury and John James Frallicciardi of Billerica
- 7 Ryuko Kikuchi and Michael David Risen both of Weston
- 21 Frances Catherine O'Hare of Pennsylvania and Timothy Patrick Norton of New Jersey
- 28 Naomi Ann Kirkpatrick of Natick and Sean Bryan Thompson of Florida
- 28 Tasha R. Dudman and Thomas Edward Belason both of Sherborn

**November**

- 4 Laurel Ruth Coppock and Robert Taylor Mort III both of California
- 11 Pauline Amie Van Goozen of Weston and Justin David Alperin of Connecticut

**December**

- 23 Julie Marie Corbett and Randall Joseph Barth both of Waltham
- 30 Andrea Marie Linteris and Craig Thomas Lichtenstein both of Waltham
